RE: VSAT (1.8M) System for Internet Services

Please find below a quotation for the supply of a 1.8M' VSAT system for Internet Services as per your request.

The Service Plan will be provided and billed monthly by Newsat. Please refer to the attached pricing schedule for your bandwidth options. Service plans that are above 512Kbps will require a 2.4m' antenna. A price for a larger antenna can be given upon request.

Please note that it is the client's responsibility to obtain any licence requirements from the relevant regulatory authority.

Item Code	Description	Qty	Unit Price	Total
VSAT-1.8M	1.8M VSAT System	1	K15,413.00	K15,413.00
RG6 CABLE	RG6 cable	60	K 2.00	K 120.00
CRDS/CON	Cords/Connectors/Hardware/Ties	300	K 1.00	K 300.00

Approval

We have not allowed for installation, we invoice our technicians at K800 per day. This is based on an 8 hour day. We estimate the installation to be 2 - 3 days.

Travel expenses including freight, airfares, excess baggage, meals, accommodation, travel time, etc. to be met by client.

We ask that all materials & equipment be paid for prior to the commencement of the installation.

Additional material (conduit, etc) if required will be extra.

Client responsible for the foundation works to mount the satellite antenna.

Client to provide UPS power for uninterruptible service and power protection.

Quote assumes line of sight is possible

There is a 12 month warranty on all electronic equipment for non power related faults.

Warranty is limited to parts and labour only.

Quote valid for 30 days and based on existing stock levels.
